### ntractors For the Big Tunnel Prejectors Pressing Their Claims.

NEW YORK, Aug. 8 .- The hearing in the Hudson river tunnel case, which came up some weeks ago before Chan cellor McGill of Jersey City and was at cellor McGill of Jersey City and was at that time postponed, was before the chancellor Monday, United States District Attorney White representing the tunnel company and A. J. Keasby the contractors. The failure of the enterprise comes in the nature of a public calamity for Jersey City, as its successful consummation would have made the Jersey town practically a part of this city and would have created such a boom as has never before been known in that section. in that section.

The company, however, never succeeded in getting the confidence of capitalists, and it is now thought that the \$13,000,000 debt represents bonds for which a sale could not be found and which were deposited with the banks as collected. collateral. There is no hope of a reorganization, as the contractors who appeared before the chancellor have announced their intention of proceeding against the concern without mercy.

### TREASURY STATEMENT.

### Gold Is Daily Increasing, and Prosperity Is Returning.

Washington, Aug. 8.—The gold in the treasury is daily increasing. It stands today \$102,291,395, or \$2,291,395 above the reserve. The net balance of above the reserve. The net balance of the treasury, however, from the treasurer's statement just issued shows a decrease, attributed largely to a falling off in custom receipts. This balance is \$15,989,722. The subsidiary silver in the treasury made up of halves, quarters and dimes amounts to \$12,598,000. So far this month the receipts in round figures amount to \$5,000,000 and the expenditures to \$7,750,000; of which \$3,000,000 have been paid on the pension account. These large expenditures have eaten into the net balance and reduced it.

The fact that custom receipts are falling off, while it affects the govern-ment revenue from that source, has an opposite bearing upon the general prosperity of the country as it shows that less money is being expended abroad for imported merchandise.

### Two Painters Fall Sixty Feet.

LEXINGTON, Ky., Aug. 8.—William McCauley and William Bauschel, two painters, while at work on the grand stand of the Kentucky Trotting Breeders' association, fell from a scaffolding 60 feet to the ground and both sustained terrible injuries. Bauschel was badly injured internally and, landing on his head, the fall produced concussion of the brain. He will probably die. McCauley was badly cut about the head and hands, bul it is thought his injuries will not prove fatal.
